

## **Project Manager / Building Surveyor**

**Salary £35k - £43k, commensurate with experience. Full Time.**

A fantastic opportunity to work for a leading company in the world of conservation & restoration. Cliveden Conservation is seeking to employ a Project Manager with experience of building surveys to work on several projects in London and the South East. The ideal candidate will have considerable experience within the heritage sector, and have a background in, or experience of, building surveys.

The successful candidate will have:

- A broad experience of conservation work in a variety of media – Stone, Plaster and the Decorative Arts.
- Experience of managing projects in terms of programme, budget and quality of work.
- Experience of conducting and delivering building surveys, both exterior and interior.
- Ability to recruit skilled labour teams and motivate our workforce.
- Dedication to excellence.
- Excellent communication skills and ability to work as part of a team.
- Ability to communicate well with clients, architects and main contractor representatives.
- Full driving license, own vehicle and willingness to travel.

Flexible working, full time role available.
