

Quantity Surveyor (Full or Part Time)

Cliveden Conservation an established and leading name in conservation and restoration of historic buildings and statuary are currently planning further sustainable growth of the business.

We are seeking to appoint a QS to develop as our business continues to grow.

Based in London and the South East, with a requirement to travel to sites across the UK, the successful candidate will work alongside our project managers and report directly to the Commercial Manager. The ideal candidate will be professional and discreet in dealing with projects of a sensitive nature and will be required to pass security clearance for key sites in London. They will have at least 3-5 years in the Heritage sector, possess strong commercial awareness and take on responsibility for the following work activities:

- Visiting sites to prepare monthly Valuations, Applications and Final Accounts
- Managing change control and variations within specific project contracts
- Working alongside the project team to manage the commercial performance of projects
- Provide updated costs for variations and additional works on live projects, also preparing estimates for new enquires
- Must be proficient in MS Excel
- Performing risk, value management and cost control
- Understanding the implications of health and safety regulations.

Salary in the region of £35k - £45k subject to qualification and experience.

Candidates must have a driving licence and be able to travel to sites across the UK

Flexible working, part time or full time role available.
